

**ID:** TC\_002

**Title:** Checking the “Dogs allowed” filter

**Prerequisite:** In the panel for selecting the number of future residents to specify a pet (in our case, a dog), as well as its weight (at your choice)

**Steps:**

1. Go to the main page of the site
2. Leave all data as standard
3. Click on the “Dogs allowed” quick filter button
4. Press the “Apply” button

**Expected result:** Only hotels that allow dogs are displayed

**Actual result:** The list includes hotels where dogs are allowed, but some hotels have additional restrictions on pet stay

**Status:** Passed
